CASCARA
CONSULTING ENGINEERS LIMITED

Position: Civil Engineer-in-Training (EIT)

Cascara has an exciting opportunity for a Civil EIT to join our team. In this role, you join our team of Technologists and Engineers and work on a range of civil engineering projects. Your work will consist of carrying out design work, CAD drafting, project management and construction site reviews. This position is open to entry level candidates and offers great opportunities for mentorship and advancement.

What You Bring:

- Degree in Civil Engineering
- Registration or eligibility for registration as an EIT with Engineers and Geoscientists of British Columbia
- Excellent time management skills
- Attention to detail and the ability to consistently produce accurate, high quality work
- Excellent interpersonal and communication skills
- Ability to work cooperatively in a team environment
- Class 5 driver's license and reliable vehicle

Responsibilities:

- Carry out civil engineering design work
- Produce detailed engineering drawings using Civil 3D, including surfaces, alignments, profiles, sections and corridors
- Liaise with municipal, regional, provincial, and federal governments as required to meet project objectives
- Project management
- Prepare cost estimates
- Review construction activities and provide feedback to contractors and clients

Who We Are:

Cascara is a civil engineering firm operating in Nanaimo and the surrounding area. Our company is employee-owned and managed and offers excellent opportunities for growth and professional development to the right candidate. We offer a competitive compensation package, positive work environment, and flexible work hours.

Application Information:

Please submit a resume and cover letter in PDF format to mrosenthal@cascara.ca

We will only be able to reply to shortlisted applicants.
